BonkX

BONKX, NOT BANK

The Payment Superapp for Internet Capital Markets

BonkX

Community first

Built for Bonk.

BonkX brings payments, rewards, and global spending power to the most viral community in crypto.

Every transaction grows the Bonk ecosystem — fueling rewards and burning Bonk.

What is BonkX?

Crypto → your keys, your coins.

Fiat → seamless accounts and cards.

BonkX = spend, earn, and grow — all in one place.

Token list   🗓 ⊞

| Bonk | $584.61 |
Bonk	48,054.92
SOL	$783.59
Solana	48,054.92
ME	$101.36
Magic Eden	48,054.92

How it works

1 Create/import wallet.

2 Instant Virtual Card → Get a physical card in 48 hours

3 Deposit, swap, send—crypto or fiat.

All in one place, all under your control.

UX FLOW

SMS Integration

Trust Wallet SDK and solana/web3.js

Planning to integrate Seed Vault and Mobile Wallet Adapter

Bonk X

Technology Stack

The backend is a high-availability, microservices-oriented system designed to unify multiple services seamlessly into a single API layer for the mobile applications.

AWS cloud microservices	Trust Wallet integration
Express.js, TypeScript	React Native app
Real-time monitoring & security	Banking API, crypto pricing, and AI-powered data

FRONTEND

Frontend

BACKEND

Backend

Backend

AWS Infrastructure

Postgres Database
Deployment
Sentry Logging
S3 Bucket for KYC Documents
API Gateway / User Manager

Services

SMS Integration
Email Service
Transactional Messages Copy SMS/Email
AML Check
KYC Provider Service
Provider Data Code Service
Provider Antaca API Service
Firebase Account
Tatum Integration
Now Payment top-up Service
Webhooks for Services (KYC & AML)
Transaction Enrichment Service

Core Features

Self-custody wallet	Solana, Bonk, USDC, USDT
IBAN accounts for fiat	Instant swaps
Physical & virtual Mastercard	Rewards + Bonk burns
Apple Pay & Google Pay	P2P transfers (wallet, QR, username, phone)
Instant Virtual Card - Get a physical card in 48 hours	

The Market

Bonk	~1M holders
Solana	40M+ wallets
Payments	$1T+ global market

→ BonkX is built for the most viral, active community in crypto.

Bonk Flywheel

Every payment spins the flywheel:

More use	more rewards
More rewards	more Bonk burned

→ Stronger Bonk community
